1962-2008

### President's Corner

#### HI EVERYONE

The February Mardi Gras Event was a great success – just look at the photos to see the fun masks and costumes on our members. Many thanks to **Roy Martins**

and **Vonnie Varner** for the presentation and fun prizes. Our March meeting is going to be another great time as we celebrate St. Patrick's Day with our annual green beer. Also, **back by popular demand will be the wonderful young step dancers from the Fearon O'Connor School of Irish Dancing.** Wear your green and join us on March 4.

The Mammoth Trip is right around the corner – be sure to sign up ASAP to catch all the great snow and sun this season. Remember, they have wonderful cross country available also. See the article on this page for all the details. The Breckenridge trip will be returning as we receive this newsletter. A big thank you to our trip leaders – **Marilyn Roland** and **Sue Sprouse**.

**Janet Hanson** and **Mary Jo McCall** will be hosting a game night on March 15 – look for details inside. Many thanks to **Bonnie Grim** and **Larry Benthien** for offering to host our Ethnic Dining this month. They will be keeping the Irish spirit alive by dining at an Irish Restaurant in the Gaslamp area (see details inside).

We need to reach out to our members at this time of year and ask for some of you to come forward to volunteer for the club. We will need new board members, individuals to assist at our general meetings and run club events. **Let's keep Torrey Pines alive and going strong. Please contact me or any board member if you can give back some time!** See you at the March Meeting but until then...

*Wishing you a rainbow  
For Sunlight after showers –  
Miles and miles of Irish smiles  
For golden happy hours –  
Shamrocks at your doorway  
For luck and laughter too,  
And a host of friends that never ends  
Your whole life through!*

– An Old Irish Friend's Blessing

*Debbie*

### Mammoth Mountain Trip

SUNDAY, MARCH 9 TO FRIDAY, MARCH 14, 2008

PRICE: \$450.00

FINAL PAYMENT IS DUE NOW.

ATTENTION: CROSS COUNTRY SKIING IS AVAILABLE

Join us on our annual pilgrimage to Mammoth Mountain. Mammoth gets an average of 373 inches of snow annually and the weather tends to be a bit warmer in March than in January. We will be staying at the 1849 Condo's which everyone seems to enjoy with its short walk over to the Canyon Lift and access to the Village and downtown via the gondola.

We will depart San Diego on Sunday morning, March 9, by bus, with a pick up at the Sears Essentials parking lot at Convoy and Clairemont Mesa Blvd. as well as a pick up in north county at the Via Rancho Park and Ride. We should be settled into the condos in Mammoth just in time for a happy hour. The trip leaders are attempting to spark up our 45th Anniversary trip with a 1960's party. Please contact the leader if you might have any ideas for the party...old photos, memorabilia or anything else you might have from that era.

Lift tickets are not included in the price since many of you already have Mammoth passes. New this year is the "Cloud Nine Express" a high speed six person detachable chair opening up the old Chair 9 area. We will be skiing from Monday morning until around noon on Friday when we will again load up the bus for our return that evening to San Diego. **Please send your check made out to TPSC and mail to:**

**LOS PEÑASQUITOS CANYON**  
**PRESERVE**  
**SATURDAY, MARCH 1, 2008**  
**FIVE MILES**  
**9:30 AM**

Everyone loves waterfalls and, believe it or not, San Diego County has its very own! We will meet at the east end of Los Peñasquitos Canyon Preserve and hike west for about 2.5 miles to reach the waterfall. It is part of a year-round stream and the rains we've been having should add to the water flow. The path is level with some ruts and/or gravel sections. The waterfall requires a small amount of climbing. We will return on the same path, or if feeling adventurous, we may explore the northern portion. Either way, we will cover five miles. Hiking boots and water recommended. Bring along a friend. Rain cancels. Breakfast/Lunch optional. Take I-15 north to the Scripps Poway Parkway/Mercy Road exit and turn left, west, at the end of the off ramp. Continue through the signal at Black Mountain Road and go directly into the parking area of Los Peñasquitos Canyon Preserve.

Come early or stay after the talk to enjoy complimentary refreshments. Each lecture takes place in the Grayson Boehm Lecture Hall from **12:30 - 2:00 PM**. The entrance fee of only **\$5.00** includes the lecture at 12:30 PM on **Genetic Mutations**. You may also enjoy all current exhibits and the 2:00 PM Imax movie - **Forces of Nature**.

## MARCH 3—GENETIC MUTATIONS

Changes to the genome – mutations – are necessary to generate the diversity required for evolution, but they also underlie the evolution of drug resistance and play a central role in cancer and aging. Traditionally mutation was thought to be due to rare errors made by the enzymes that replicate the genome; however, it is now known that mutation is part of a cellular stress response, which requires the action of specific biochemical pathways. Meet Dr. Romesberg from The Scripps Research Institute and understand his interest in these pathways that identify points of intervention that would, for example, have the potential to stop the evolution of antibiotic resistance in bacterial cells or prevent the development of cancer in human cells.

The 2:00 PM movie will be **Forces of Nature (2004)** showcasing the awesome spectacle of earthquakes, volcanoes and severe storms. This film follows scientists as they go on ground-breaking quests to understand how these natural disasters are triggered (40 minutes).

### Health and Safety

The first sign that a skier is tired or intimidated is a lazy upper body. You know what they say about idle hands. Keep them working with your arms and poles to make aggressive turns. An Aspen instructor says "dropped arms, chicken-wings and underutilized poles are common symptoms of fatigue and fear." Passive arms can be limiting because where your hands and arms go, your center mass is sure to follow. To keep your body moving in the right direction is a simple formula is: "elbows in front of your ribs, hands wider than your elbows." From a ready posture and with minimal movement of your arms and wrists, each pole swing will draw you precisely into the next turn.
